Mumbai, July 12, 2013: Reliance General Insurance Company (RGIC), part of Reliance Capital, has registered 25 per cent increase in its Gross Written Premium at Rs. 706 crore during Q1FY14.

The Company recorded 110 per cent growth in health insurance premium at Rs. 169 crore in Q1FY14, up from Rs 81 crore in the same quarter last year.

"Our strategy to change business and product mix, optimise use of technology, manage costs and expand our retail agent base has helped us achieve a significant turnaround in performance," said Mr. Rakesh Jain, CEO Reliance General Insurance.

"We are focusing on non-motor insurance segment, individual agency and online channels to drive our growth, and have reduced our dependence on motor insurance as compared to the corresponding quarter last year," he added.

The total agency force of RGIC increased by 14 per cent in the April-June quarter of 2013-14 at 11,500 agents.

"We are targeting to add over 3,000 agents to reach 15,000 retail agents by end of this fiscal," said Mr. Jain.

Reliance General Insurance has already posted net profits in the last two quarters of 2012-13 through sourcing of quality business, better pricing in the motor and health segments, and enhanced retail agent force.

The Company expects to achieve a positive bottom line in Q1FY14 as well, as against the loss in the corresponding quarter last financial year.

During the first quarter, Reliance General Insurance enrolled more than 10 million lives in Kerala under the state government's prestigious Rashtriya Swasthya Bima Yojana (RSBY).
