Mumbai, 21st November, 2007: Reliance Life Insurance, a fast growing life insurance player in the country, today announced the launch of Reliance Secure Child plan. The launch was announced by Mr. P. Nandagopal, CEO, Reliance Life Insurance, at a conference today.

One of the unique propositions of Reliance Secure Child Plan, is that in the event of total and permanent disability of the child due to an accident, the plan offers the benefit of fixed income at a rate of 10% of the sum insured under the policy, per annum, payable to the child throughout his/her life.

"The Reliance Secure Child Plan aims to offer an innovative product with unique and fun-filled benefits to children while securing their future. This is in line with our strategy to offer best-in-class products to our customers", said Mr. P. Nandagopal while launching the product.

The plan also offers an inbuilt waiver of premium benefit in the event of the death of the insured proposer (parent), that protects the future of the child by paying all the future premiums, so that the plan remains in full force.

Another novel offering is the playground program - an online community that addresses the educational and recreational needs of the child through fun-filled quizzes, puzzle, games, online jokes, contests and kid zone and offers redeemable e-Points for his/her achievements.

The company also handed over a cheque of Rs. 5 lakhs to Akanksha Foundation - a non-profit organization that educates less privileged children from Mumbai's slum areas and provides them with vocational opportunities.

"Our association with Akanksha is a small gesture by the company to contribute towards the development of underprivileged children in the country," said Mr. Nandagopal while handing over the cheque to Ms. Tina Vajpeyi, Chief Financial Officer, Akanksha Foundation.

The proceeds were collected by the company post a social on-air SMS campaign undertaken across key cities in India, on 14th November (Children's Day) wherein Reliance Life Insurance contributed Rs. 5 per SMS received, to Akanksha.
