Metals, private banks, consumer stocks to impact markets today

- 1 Bull market or bear market today?**
Nifty 50 has broken its short-term average. The positive momentum will be only above 11700 levels.
- 2 Stocks likely to be in limelight today?**
ICICI Bank, Bharti Airtel, Titan and VEDL will be in limelight on the back of results.
- 3 Sectors likely to impact market today?**
Metals, private banks and consumer to be in focus, while IT could be on the positive side.
- 4 Your mid-term view?**
Nifty 50 index has support near 11500 levels; if breached on a closing basis, we could be set in for sharp profit booking in index pivotal with a potential target of 11250-11300 levels.
- 5 What drove markets on Monday?**
Nifty 50 opened lower on the back of global cues and trade war concerns. It traded weak throughout the day with sharp profit booking in metals, media and realty.
